EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please replace the paragraph beginning on page 10, line 4 with the following amended paragraph:

-- Figs. 9A - 9B are sectional process views illustrating the example of the conventional method of manufacturing the semiconductor device.--

Remarks: the above corrects 9D to 9B, since only figures 9A and 9B are present in the application.

2. The drawings were received on 9/27/05. These drawings are acceptable.

3. The following is an examiner's statement of reasons for allowance: in view of the certified translation perfecting the priority claim date of 10/10/03 which is prior to the filing date of 7/28/03 of the Morita reference and which is the closest art of record along with the statement of common ownership with the Morita reference, the rejection under 35 U.S.C. 103 in view of Morita has been overcome.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
